Ateliers DANIDA-UNESCO pour la production de programmes de radio relatifs à l'équité entre les sexes

Description:

Cet ouvrage présente des extraits des émissions de programmes de radio relatifs à l'équité entre les sexes à destination des programmes d'éducation non formelle. Les thèmes abordés sont le VIH & sida, la violence familiale, l'exploitation des jeunes femmes, le mariage des enfants et la répartition inégale des travaux ménagers. Le Projet spécial pour les femmes et les filles en Afrique UNESCO-DANIDA organise et soutient une série d'ateliers pour la production de programmes radio et de matériel de lecture. Ainsi, les acteurs dans les domaines des médias, notamment la radio, sont encouragés à aborder des thèmes qui ciblent les femmes et les adolescents. Bien que ce livre soit destiné aux femmes néo-alphabétisées et aux filles non scolarisées dans un cadre d'éducation non formelle, les messages de ces programmes radio s'adressent à un public beaucoup plus large.
