

Families worldwide

S.I.: ISRRC, 2001. 3 p.

Organizations:

Action Canada for Population and Development
International Planned Parenthood Federation, IPPF

Description:

The factsheet addresses the issue of families that: families are diverse; abuse and violations can occur within families; and many children grow up or spend part of their childhood outside of a family unit. Key actions for governments and civil society are suggested. Statements of international commitments presented at the Convention on the Rights of the Child and ICPD, Cairo 1994 are also provided. The fact sheet can be used as advocacy tools for anyone working in the area of young people's sexual and reproductive health.
