Description:

The second National Multi-sectoral Strategic Framework (NMSF) on HIV and AIDS covers the period 2008 to 2012. It builds on the achievements and strengths of the National Response to the HIV epidemic in the last five years (2003-2007) and proposes measures and strategies to overcome past barriers and constraints. This NMSF guides the approaches, interventions and activities which will be undertaken by all actors in the country. The framework was developed through an extensive review and consultation process under the guidance of the national and international consultants.
