Description:

The current paper was commissioned by UNICEF and its partners (UNFPA, UNESCO, UNAIDS) to provide advice to the AIDS Commission in Asia on policy options on how to respond to HIV/AIDS among young people, in response to a 'Policy Options Workshop' which was held in Bangkok on 4-6 January 2007. This paper aims to provide guidance to policy makers on how to respond to the HIV prevention needs of young people in Asia. In particular, it aims to set priorities for action, aimed at preventing major HIV epidemics from occurring or limiting the scope or impact of current HIV epidemics in the region.
