

Young People's Booklet. National HIV Prevention & Sexuality Education For Out Of School Young People

National AIDS Council, UNICEF, 2010. 38 p.

Organizations:

Papua New Guinea. National AIDS Council

Description:

The objective of this Young People's Booklet is to prevent HIV, other STIs and unplanned pregnancies and gender-based violence among 15-24 year old out of school young people by providing them with: - knowledge on sexual and reproductive health and HIV prevention, especially the main ways HIV is transmitted in Papu New Guinea; - chances to think about their values, attitudes, risks and intentions related to sexuality and hear about those of their peers; - opportunities to prevent HIV and access health services and have better relationships; - fun learning experiences. This booklet is for out of school young people between the ages of 15 and 24. It is hoped that the information in this booklet is read and explained by a facilitator and that the young people feel free to ask any questions that they might have.
