

Including different families

London: Stonewall, 2010. 38 p.

Organizations:

Stonewall

Description:

Stonewall's Education Guide on including different families provides essential information for secondary, and especially primary school staff. Advances in gay equality over the last decade mean that there are increasing numbers of children with same-sex parents in British schools. This guide provides advice on how to include same-sex parents in the school community, how to address lesbian and gay issues in the classroom, and how to ensure that your teaching reflects the reality of life in the 21st century. It also provides ten top tips and showcases good practice by leading schools from Stonewall's Education Champions programme.
