

National strategic plan for most at risk populations 2011-2015

Ghana AIDS Commission, 2011. 40 p.

Organizations:

Ghana AIDS Commission

Description:

The Ghana Most At Risk Population strategy 2011-2015 has been developed to provide a framework for the implementation of a comprehensive package of services designed specifically to reach four MARP subgroups, Female Sex Workers (FSW), Men who have Sex with Men (MSM), Injecting Drug Users (PWID) and Prisoners. The goal of the strategy is to reach 80% of all identified MARP by 2015 with a comprehensive package of HIV prevention, protection, treatment, care and support service that is evidence based, accessible and acceptable to the specific groups. The services will include a range of: HIV prevention; HIV treatment, care and support; Psycho-social support.
