### Description:

Since 2010, IPPF/WHR has published an evaluation of progress towards achieving the Ministerial Declaration (MD). The evaluation tool, developed by IPPF/WHR and Demysex in consultation with experts in the field, uses the MD commitments as a benchmark to analyze progress towards ensuring youth sexual and reproductive health and rights. The questionnaire includes six key criteria for analysis: Specific public policies for the implementation of the MD; Legal and policy frameworks that support the rights of youth to access comprehensive sexuality education and youth-friendly sexual and reproductive health services; Participation and inclusion of youth and other relevant actors in the design and implementation of programs and policies; Availability of comprehensive sexuality education curricula, informational campaigns, and teacher training programs; Existence of youth-friendly sexual and reproductive health service policies and programs; Existence of adequate financial resources for implementation of the MD.
