## Tuko Pamoja: A guide for peer educators

Nairobi: PATH, 2007. 92 p.

### Authors:

Martin, Stephanie

### Organizations:

Program for Appropriate Technology in Health

### Description:

This guide was developed by PATH as part of the Kenya Adolescent Reproductive Health Project (KARHP) Tuko Pamoja ("We are together") series. It is intended to be used by peer educators facilitating discussion groups with in- and out-of-school youth. The guide will help peer educators share information and lead discussions with their peers on addressing physical and emotional changes during adolescence, staying healthy, planning for the future, making good decisions, and preventing pregnancy and HIV and AIDS. It can also be used as a reference for peer educators to learn more about the different topics. The guide is available as one large file or as multiple smaller sections for ease of downloading.
