

## National policy reintegration of school-age mothers into the formal school system

Kingston: Ministry of Education, 2013. 36 p.

### Organizations:

Jamaica. Ministry of Education  
Women's Centre of Jamaica Foundation  
Jamaica. Office of the Prime Minister

### Description:

Pregnancy remains the highest risk factor for female dropout rates, both before and after reintegration. This does not align with national policy goals outlined in the Vision 2030 document, and retards Jamaica's fulfilment of international treaties, commitments and policy guidelines. This policy purports to address this deficit, and establishes a framework for inter-agency collaboration to address the wider issues that limit the reintegration of school-age mothers into the formal school system.
