

Global mapping of initiatives in school health and nutrition, with emphasis on health education

Rome: WFP, 2010. 51 p.

Authors:

Nederveen, Leo

Organizations:

WFP

Description:

This mapping of global initiatives in school health and nutrition, together with the available programme guidance on health, hygiene and nutrition education, is intended as a source of technical support for WFP programme officers and professionals from other organizations who, in partnership with governments, other agencies and the private sector, engage in skills based health education to promote the effectiveness of school health and nutrition policies and programmes.
