

National standards and guidelines for adolescent friendly health services

Ministry of Community Development, Mother and Child Health. 34 p.

Organizations:

Zambia. Ministry of Community Development, Mother and Child Health

Description:

This document presents the standards of care for adolescents and young people in Zambia. It seeks to provide a guide for strengthening the coordination and delivery of quality adolescent friendly health services, and ensuring appropriate monitoring and evaluation (M&E). The national standards of care have been developed and will be implemented within the framework of the ADH Strategic Plan 2011 to 2015 and the National Health Strategic Plan 2011 to 2015 (NHSP 2011-15), which presents the overall strategic framework for health sector governance and development in Zambia. The document has been developed through broad consultations and involvement of young people and the key stakeholders, including the other sectors, religious groups, civil society and Cooperating Partners (CPs).
