What is the WHO's strategy for Health Promoting Schools and how is that linked with the Sustainable Development Goals (SDGs) and the WHO's 13th General Programme of Work? What learnings do the School for Health in Europe Network provide to fill gaps between policy and practice in high and low resource settings? What are the next steps for a renewed Health Promoting Schools Approach? Join us and speakers from the WHO and the UNESCO Chair for Global Health and Education for this special session commemorating the recently concluded 71st World Health Assembly to learn more!
