## International Workshop on HIV & Pediatrics

**When:**

Friday, July 19, 2019 to Saturday, July 20, 2019

**Where:**

Mexico City, Mexico

The HIV Pediatrics Workshop is the only meeting entirely devoted to research in the prevention and treatment of HIV infections in infants, children and adolescents, making it the premier forum for the world's leading researchers.

The 10th editions of the International Workshop on HIV & Pediatrics will provide provide new exciting opportunities to study acute infection in children and promising cure strategies.
