Knowledge map: WASH in schools and Coronavirus

Organizations:
WASH in Schools Network

Description:
The WASH in Schools Network (UNICEF, GIZ, Save the Children, WATERAID; Emory, LSHTM, among others) has compiled this knowledge map with links to relevant materials about COVID-19 for learners, their families and the education system. The map is intended for the time when schools are closed and in preparation for re-opening of schools. We want to help you navigate through the jungle of information about COVID-19, specifically its relevance for the school community. Therefore, we selected relevant information from high-quality, reliable sources for the education system, families and for pre-primary, primary and secondary school children.
